Home Made

Have your cake, mussins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layercake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

For example: Ilven in the best of times there are about a million and a half of idle people in the United States. Now nearly all of these are idless by choice. They would not work if they could. Charity organizations and the Salvation Army have amply proved this in their large experience in dealing with these unfortunate people. They were either "born tired," or some acute attack of laziness has "struck in" and they capnot bring themselves to partake of the blessings of work.

Let us suppose that the great army (greater than either the Union army or the Confederate army in our civil war) were to change its mind and go to work. That means a million and a half of jobs taken from those now earning a living

for themselves and their families. To put it another way: Every idle man gives up his rightful place among our fifty million workers, and thereby makes one more opening for the man who wants to work. Therefore, we who prefer employment to idleness ought to pour out blessings on every idle, lazy, shiftless coots in the land for not crowding into the ranks of the workers, and by so doing making it so much harder for us who do work to find or keep our

They must wear clothing, however sell and carry food products. Their clothing, poor and cheap though it may be, must be grown and woven and made. That means work for farmers, spinners, weavers, garment-makers, hatmakers and shoemakers,

It is also a matter for self-congratulation among us workers that nearly all idlers are thoroughly shiftless; that is, they are extravagant. Whatever morey comes luto their possession by begging, by gambling, by stealing, or by so-called "charity," they spend freely -every cent. Library Notes. In speaking of 't Part of a Man's Life, by Thomas Wentworth Higginson, the temptation is to name the chapters one by one, writing "especially good" after each. By a clever, wide-awake writer, is in no sense a blography, but a emintecent commentary on people and problems which he has met, an altoreiner delightful book of essays, spark-
